PARTNERS WITH TNRISE FOR A BRIGHTER FUTURE

We are excited to announce that Shrie Agro Tech has joined forces with TNRISE (Tamil Nadu Rural Innovation and Skill Development Scheme) to further our mission of delivering high-quality, sustainable food solutions. This strategic partnership is designed to foster innovation, empower local communities, and support the development of rural entrepreneurship through skill-building programs.

With TNRISE's commitment to nurturing talent and promoting sustainable growth, Shrie Agro Tech is set to expand its impact, driving advancements in food processing and supporting small-scale producers. Together, we aim to create a stronger, more resilient food supply chain that benefits not just the industry but the people and communities we serve.
